

Tall 4-Sided Security Roll Container

The Security Roll Container is a robust unit used in a variety of industries. With a tight mesh design, this roll cage is the ultimate anti-theft unit for safe storage/transit for all high value goods or small fragile items.

Our Security Roll Container is a nestable unit designed for improved vehicle fill.

With optimal nesting efficiency it is the perfect roll cage for when it is not used in the DC or for your return logistics.
